

Greetings,

We are excited to announce that Cress Creek Commons will have a tennis program this summer! Jon Teune is a local tennis pro with 10 years of teaching experience. He played 4 years of varsity tennis at Wheaton Warrenville South HS and was an All-State selection his senior year. He was also ranked through the USTA in both junior's and men's divisions. Jon then played college tennis at Taylor University (NAIA) and Lewis University (NCAA DII) on scholarship. During the winter months he is a high school guidance counselor, teaches tennis at Courts Plus (Elmhurst) and is the head women's tennis coach at Benedictine University. In the summer he runs a high performance tennis academy and teaches private lessons in the area. Jon has previously played a major role in the tennis programs at Cress Creek Country Club and White Eagle Homeowner's Association. He holds a PTR Professional certification (highest level of certification). We are excited to have Jon jumpstarting our program at Cress Creek Commons!

This being his first summer, Jon is preparing a program that includes drills for players of all ages (junior and adult). In the future, Jon is interested in starting travel teams for women and juniors and some men's drills. He is well versed in the Naperville summer leagues (women and juniors), having coached teams at both Cress Creek Country Club and White Eagle Homeowner's Association. Feel free to contact Jon in regards to any ideas you may have. He is very receptive to anything that will enhance the Cress Creek Commons tennis experience.
